Subject: Formaldehyde Issues/Trajectories - Meeting tomorrow Dec. 5th at 11 am

Good Morning,

This is to confirm our meeting tomorrow. Last time we talked about hazard calls for URT cancer. Tomorrow we will continue to talk about cancer: LHP cancer hazard by subtype, and also dose-response decisions. These are encompassed in items #3 and #6 of the attached document. The major points from our previous meetings are included in this document as well.

See you tomorrow! -Barbara
